

Statement of Commitment

Christian parents and/or guardians are very important to the success of Christian education. To insure the best education for their child or children, the Christian school parent/guardian exhibits the following qualities:

1. *Specific Commitment to Christian Education:* Christian education gives God His rightful place in all aspects of creation. He is acknowledged as the Creator of all that exists, the Savior and Lord of those who believe in Him, and the loving and righteous Judge of mankind. God’s truths as revealed through His work (nature) and His Word (Scripture) are the basis of a Christian school education.
2. *Spiritual Leadership in the Home:* Christian education is most effective when a child or children see biblically based leadership in the home. Family devotions, including Scripture reading and prayer, as well as consistent, loving discipline are characteristics of the Christian parent.
3. *Support and Respect for the Home, Church, and School Partnership:* Parents and/or guardians undergird the mission of the Christian school and their church through prayer, finances, and service. In the school setting, they specifically encourage obedience to school faculty and staff, respect for fellow students, consistent attendance, punctuality, appropriate dress, and diligence to schoolwork.
4. *Involvement in School Parent Activities:* The Wooster Christian School Parent-Teacher Fellowship serves as a liaison between parents and the school. The organization provides many opportunities to support the school educational program inside and outside the classroom. An active interest in school affairs by a parent and/or guardian is invaluable to the school and its students.

I have read the above statements and promise to fulfill these commitments to the best of my ability with the help of God. I further acknowledge:

1. The school administration has full discretion in the classroom discipline of my child/children in accordance with Wooster Christian School Board policy.
2. The Wooster Christian School administration has full authority for grade placement of students.
3. All students admitted to Wooster Christian School will be enrolled on a probationary basis and will be reviewed after nine (9) weeks.
4. My child/children may participate in Wooster Christian School field trips and other school-sponsored activities.

Name(s) of child(ren):

Signatures of both parents/guardians are required.
